Online-Counselling
mobile-opferberatung.beranet.info

Were you attacked or threatened by aggressors who perceived you as queer, gay, lesbian, bi, inter* or trans*? Or do you suspect that such a motive was involved? Do you have any questions you would like to ask, or problems and fears you would like to discuss?

We support **victims**, their **friends** and **family**, and **witnesses** of right-wing, racist, antisemitic, Social-Darwinist or LSBTTIQ-hostile attacks in Saxony-Anhalt. We offer free confidential advice, independently of a police report and

anonymously if requested and **now also online:**

- by **e-mail** (quick response),
- in a **one-to-one chat** (live consultation with appointment as well as on preferred dates) and
- in a **group chat** (open or on specific topics).

Simply go to our website and choose which form of online-consultation you prefer, or pass on this flyer to those affected. **Solidarity with victims of right-wing violence!**
